From the Classroom
We have been fortunate enough to have Carole Porter from the Australian Curriculum Implementation team spend a day with us this week. Carole spent the morning working with students in the Upper primary class, demonstrating a maths lesson and then went on to plan with Suzi. Later in the day she spent time with Katrina looking at the teaching of History and Geography. Carole is in high demand and we were lucky to have her with us.

Term 3
September 18th - Literacy and Numeracy Week Celebration
September 22nd - Governing Council 7pm
September 26th - End of term (2.15 Dismissal)
13th Oct - Palmer Community Association Meeting, 7.30 in the Old CFS Shed.

Hot Rod Show
We would really appreciate your support with help at the School BBQ on the long weekend in October (5th Oct.) You should have received a note about it last week. Please get them back to us so that we can start to organise rosters.

School Vision
We are in the process of re-viewing our school’s Vision Statement. This statement underpins the way we plan for school improvement and reviewing it regularly ensures that the vision reflects the thinking of our current school community and helps us come together in our thinking. To contribute your ideas, you will find a small sheet attached to this newsletter, which asks you what skills/qualities you want evident in your child when they leave our school. Please have a say and return your slip to the Front Office.

Learning Goals
Students brought home their learning goals last week. These are negotiated with students and in many cases have incorporated planning and goals set at recent parent/student/teacher meetings. Please have a look at the goals and come in for a chat about them if you have any questions.

Premier’s Reading Challenge
The Premier’s Reading Challenge finishes on Monday. Please make sure your child’s completed book list is returned if they have read the 12 books needed, so that their names can be forwarded to Adelaide.

Have a great weekend and take care! Lynne
