From the classrooms
Students in both classes have been doing maths investigations that require students to do lots of thinking. The tasks they are working on relate to real life, authentic situations. The teachers have been impressed at the range of skills and knowledge students have displayed whilst doing these tasks.

Canberra Trip
This week, students from our school have undertaken an educational tour of Canberra. The trip focuses on Australia’s history, culture, heritage and democracy.
The Australian Government recognizes the importance of all your young Australians being able to visit the national capital as part of their Civics and Citizenship education. To assist families in meeting the cost of the excursion the Australian Government is contributing funding of $60 per student under the Parliament and Civics Education Rebate program towards these costs. The rebate is paid directly to the school upon completion of the excursion.
