Information Bulletin
Term 4  Issue 4  Friday 6/11/15

From the classrooms
Reports will be sent home to you at the beginning of Week 9. This gives you an opportunity to chat with us if there is something in the report that you would like more information about, before the end of the term.

School Starting time
Please remember that we are only able to provide yard supervision for students from 8.30am in the morning. Of course, if unforeseen circumstances arise and you need to organise something different with us, please do so.

Kids Matter Launch
We are very excited to have achieved our status as a KidsMatter School. KidsMatter is an organisation that assists schools to establish structures and practices that focus on the building of school communities and on the wellbeing of students. Next week you will receive an invitation to the Launch on the morning of November 19th. We hope as many people as possible are able to come along and join in the fun.

Snakes
We have heard of several snake sightings around the town already this season (but none at the school - to date). We have discussed with students, what they should do if they see one in the yard. Stay calm, back away, watching where the snake goes, alert an adult. Students have been reminded not to go into or behind bushes or behind buildings to retrieve balls etc. Please reinforce this with them at home.

Wheels Day
Thank you for your support in making ‘Wheels Day’ possible. Unfortunately, the weather prevented us from completing much of what was planned. I appreciate how much more difficult these events are in schools where students cannot simply ride their bike/scooter to school, but we would like to offer students the chance to bring their bikes etc again next Wednesday. (We hope the weather will be kinder!!)

Costumes
Please keep those costumes coming in for the end of year performance. Once we know what we don’t have we can start asking if others can help out.

Take care and have a good weekend! Regards, Lynne
